Shower Room Fitted with Easy Glass Splashbacks  
Bespoke Lime Green Shower Wall Panels

Glass Shower Walls, either Coloured or Printed, are more often being specified by forward thinking designers as a first choice for covering bathroom walls. Particularly within your shower cubicle or wet room, full height glass shower walls and splashbacks are easy to waterproof and have no grout to mould. Not only is the look modern and sleek, glass is one of the easiest surfaces to keep clean and will last a lifetime with minimal care. With almost **limitless colour** choices, **special effects** and **printed images**, you have a unique product that is hard to beat for looks and practicality.

We can also supply high quality prefabricated complete shower kits, with coloured or printed glass walls, from our partner **Showershell Ltd**. A complete new quality shower fitted in a day!
