Toughened Glass

All Easy Glass Splashbacks colour backed glass is supplied toughened, giving it a high heat tolerance and five times the impact resistance of non-toughened glass. Please don't fall into the trap of opting for cheaper, un-toughened splashbacks, only to have them crack with heat or the pressure of sockets.

What our customers say...

I received my red rose glass splashback last week, and I was extremely pleased with the quality of the picture. It is a real feature in my new kitchen. I will have no hesitation in recommending Easy Glass Splashbacks to others. Fab service with quality product. Thank you.

Kitchens

Easy Glass Splashbacks' glass splashbacks are all manufactured from 6mm, low iron, extra clear toughened glass. This is extremely impact resistant and will withstand very high temperatures behind your hob. At Easy Glass Splashbacks we are dedicated to offering you the best possible products and service at very affordable prices.

Bathrooms

Coloured and printed glass splashbacks are more and more often being specified by forward thinking designers as a first choice for covering walls in bathrooms. Where previously you had tiles, particularly within your shower cubicle or wet room, full height glass splashbacks are easy to waterproof and have no grout to grow mouldy.

Measure & Fit

Easy Glass Splashbacks offer a **measure and fit service** for jobs entailing more than a single glass splashback.
